

Remove Dead Rodent/Animal Odor with Earth Care's *Clear the Air* Odor Remover Bags

Dead rodents can die in your wall and often you are unable to find the carcass to remove it. Earth Care Odor Remover Bags are **used by Pest Control Professionals** to **remove dead rodent odors**, and urine and feces odors associated with rodents. The **carcass does not have to be removed** to remove the odors.

Earth Care Bags **do not have to come into contact with dead rodent** or odor causing agent. **Simply hang the bag near the odor** and in 24 hours the odor will be gone. Earth Care **acts like a magnet** by attracting and **neutralizing smells**. It is made from an **all natural mineral**, is **non toxic** and **biodegradable** and **safe for Planet Earth**. It is also **safe around children and pets**, even if eaten. Earth Care **adsorbs odors** rather than masking them with a fragrance.

HOW TO ELIMINATE DEAD ANIMAL & RELATED URINE/FECES ODORS

- It is not necessary to remove dead carcass to remove the odor.
- More bags =better faster results, use a **minimum of 3 bags**.
- Hang a bag in every room you smell odor.
- If you believe dead animal is in attic or crawl space hang one bag there also.
- Bag will outlast odor from carcass and handle any urine or feces odors that may exist from previously infested areas.
- One bag covers up to 100 square feet. It will last 3-4 months in use, or indefinitely in plastic wrap.
- **Results:** BAG will outlast odor from carcass and handle any urine or feces odors that may exist from infestation.

If you do not want to wait for bags to be shipped to you, it is possible to make your own bags:

Go to PETCO and buy *Clear the Air* Cat Urine Odor Eliminator. It is in the cat section near the cat liter. It is in a pink canister with a white cat on the front. Most PETCO stores carry this product. Buy at least three or four canisters. PETCO SKU # 1564420

Pour the contents of one canister into an old nylon or sock and tie it off.
One 14 oz canister will make one bag that will cover approximately 75 square feet.
Once you make the bags, follow the instructions above.

DIRECTIONS TO ELIMINATE PET ODORS

- Remove feces and excess urine.
- Sprinkle on carpet, rugs, tile, linoleum or hardwood floors. Leave on overnight, then sweep or vacuum. Clear The Air pulls odor from carpet, padding and sub-floor.
- Sprinkle directly on furniture. Leave overnight, then vacuum or shake off.
Will not harm fabric or leather.
- Sprinkle on pet bedding or clothes. Leave over night, and then shake off.
- Add to litter box to eliminate odors. Add ½ cup each time litter is changed or scooped.
- Sprinkle on bottom of animal cages. Safe for pets even if consumed.

Can also be sprinkled directly on to your pet to eliminate skunk and other odors.

Typically one application will eliminate all odors; occasionally a second application is necessary.

14 oz canister covers up to 100 square feet

28 oz canister covers up to 200 square feet

One bucket covers up to 900 square feet
